

AUDIT COMMITTEE CHARTER of Manchester United Ltd.

This Audit Committee Charter (the “Charter”) was adopted by the Board of Directors (the “Board”) of Manchester United Ltd., a Cayman Islands exempted company (the “Company”), on August 7, 2012, and will become effective upon the U.S. Securities and Exchange Commission’s declaration of effectiveness of the Company’s registration statement on Form F-1 of the Company’s initial public offering of its Class A Ordinary Shares in the United States or elsewhere (the “Effective Time”).

I. Purpose

The purpose of the Audit Committee (the “Committee”) is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company.

In addition to the authority and responsibilities expressly delegated to the Committee in this Charter, the Committee may exercise any other authority and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Company’s Memorandum & Articles of Association, as amended from time to time (the “Articles”). The authority and responsibilities delegated by the Board to the Committee in this Charter or otherwise shall be exercised and carried out by the Committee as it deems appropriate without requirement of Board approval, and any decision made by the Committee (including any decision to exercise or refrain from exercising any of the powers delegated to the Committee hereunder) shall be at the Committee’s sole discretion. While acting within the scope of the authority and responsibilities delegated to it, the Committee shall have and may exercise all the authority of the Board. To the fullest extent permitted by law, the Committee shall have the authority to determine which matters are within the scope of the authority and responsibilities delegated to it.

Notwithstanding the foregoing, the Committee’s responsibilities are limited to oversight and the matters set forth in this Charter. It is specifically not the responsibility of the Committee to plan or conduct audits or to determine that the Company’s financial statements and disclosure are complete and accurate and are in accordance with applicable accounting principles, laws, rules and regulations. These are the responsibilities of management (“Management”) and the independent auditor. Each member of the Committee shall be entitled to rely on the integrity and competence of those persons within the Company and of the professionals and experts (including the Company’s internal auditor (or others responsible for the internal audit function, including contracted non-employee or audit or accounting firms engaged to provide internal audit services) (the “internal auditor”) and the Company’s independent auditor) from which the Committee receives information and advice and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts.

Furthermore, auditing literature defines the term “review” to include a particular set of required procedures to be undertaken by independent auditors. The members of the Committee are not independent auditors, and the term “review” as used in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements.

II. Membership

The Committee shall consist of at least three members of the Board. Each Committee member must be able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement. Members of the Committee are not required to be engaged in the accounting and auditing profession and, consequently, some members may not be expert in financial matters, or in matters involving auditing or accounting. However, at least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. In addition, either at least one member of the Committee shall be an “audit committee financial expert” within the definition adopted by the Securities and Exchange Commission (the “SEC”) or the Company shall disclose in the applicable periodic report required pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the reasons why at least one member of the Committee is not an “audit committee financial expert.” To the extent required by or deemed advisable under applicable laws or regulations, each Committee member shall satisfy the independence requirements of the New York Stock Exchange and Rule 10A-3(b)(1) under the Exchange Act subject to the exemptions set forth in Rule 10A-3(b)(1)(iv) under the Exchange Act.

The members of the Committee, including the Chair of the Committee, shall be appointed by the Board pursuant to the authority conferred by, and otherwise in accordance with the provisions of, the Articles. Committee members may be removed from the Committee, with or without cause, by the Board.

III. Meetings and Procedures

The Chair (or in his or her absence, a member designated by the Chair) shall preside at each meeting of the Committee and set the agendas for Committee meetings. The Committee shall have the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any provisions of the Articles that are applicable to the Committee. Questions arising at any meeting shall be determined by a majority of votes of the Committee members present, and in case of an equality of votes the Chair shall have a second or casting vote.

The Committee shall meet at least once during each fiscal quarter and more frequently as the Committee deems desirable. The Committee shall periodically meet separately with Management, with the internal auditor and with the independent auditor. Meetings of the

Committee may be conducted in person or via telephone conference where every meeting participant can communicate with each other.

All non-Management directors who are not members of the Committee may attend and observe meetings of the Committee but shall not participate in any discussion or deliberation unless invited to do so by the Committee, and in any event shall not be entitled to vote. The Committee may, at its discretion, include in its meetings members of the Company's Management, representatives of the independent auditor, the internal auditor, any other financial personnel employed or retained by the Company or any other persons whose presence the Committee believes to be necessary or appropriate. Notwithstanding the foregoing, the Committee may also exclude from its meetings any persons, including, but not limited to, any non-Management director who is not a member of the Committee.

The Committee may retain any independent counsel, experts or advisors (accounting, financial or otherwise) that the Committee believes to be necessary or appropriate. The Committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attestation services, for payment of compensation to any counsel, experts or advisors employed by the Committee and for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee may conduct or authorize investigations into any matters within the scope of the authority and responsibilities delegated to the Committee.

IV. Authority and Responsibilities

(a) *Interaction with the Independent Auditor*

1. Appointment and Oversight. The Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor (including resolution of any disagreements between Management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attestation services for the Company, and the independent auditor shall report directly to the Committee.

2. Pre-Approval of Services. Before the independent auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee shall pre-approve the engagement. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee regarding the Company's engagement of the independent auditor, provided that the policies and procedures are detailed as to the particular service, the Committee is informed of each service provided and such policies and procedures do not include delegation of the

Committee's responsibilities under the Exchange Act to Management. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided that such approvals are presented to the Committee at a subsequent meeting. If the Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Committee must be informed of each non-audit service provided by the independent auditor. Committee pre-approval of non-audit services (other than review and attestation services) also will not be required if such services fall within available exceptions established by the SEC.

3. Independence of Independent Auditor. The Committee shall, at least annually, review the independence and quality control procedures of the independent auditor and the experience and qualifications of the independent auditor's senior personnel that are providing audit services to the Company. In conducting its review, the Committee shall:

(i) obtain and review a report prepared by the independent auditor describing (A) the auditing firm's internal quality-control procedures and (B) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues.

(ii) ensure that the independent auditor prepare and deliver, at least annually, a written statement delineating all relationships between the independent auditor and the Company. The Committee shall actively engage in a dialogue with the independent auditor with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the independent auditor. If the Committee determines that further inquiry is advisable, the Committee shall take appropriate action in response to the independent auditor's report to satisfy itself of the auditor's independence.

(iii) confirm with the independent auditor that the independent auditor is in compliance with the partner rotation requirements established by the SEC.

(iii) if applicable, consider whether the independent auditor's provision of any permitted information technology services or other non-audit services to the Company is compatible with maintaining the independence of the independent auditor.

(b) Annual Financial Statements and Annual Audit

1. Meetings with Management, the Independent Auditor and the Internal Auditor. The Committee shall

(i) meet with Management, the independent auditor and the internal auditor in connection with each annual audit to discuss the scope of the audit, the procedures to be followed and the staffing of the audit.

(ii) review and discuss with Management and the independent auditor: (A) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (B) any analyses prepared by Management or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including analyses of the effects of alternative IFRS methods on the Company's financial statements; and (C) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.

(iii) review and discuss the annual audited financial statements with Management and the independent auditor, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations."

2. Separate Meetings with the Independent Auditor. The Committee shall

(i) review with the independent auditor any problems or difficulties the independent auditor may have encountered during the course of the audit work, including any restrictions on the scope of activities or access to required information or any significant disagreements with Management and Management's responses to such matters. Among the items that the Committee should consider reviewing with the independent auditor are: (A) any accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise); (B) any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the engagement; and (C) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditor to the Company.

(ii) discuss with the independent auditor the report that such auditor is required to make to the Committee regarding: (A) all critical accounting policies and practices to be used; (B) all alternative treatments within IFRS for policies and practices related to material items that have been discussed among

Management and the independent auditor, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and (C) all other material written communications between the independent auditor and Management of the Company, such as any Management letter, Management representation letter, reports on observations and recommendations on internal controls, independent auditor's engagement letter, independent auditor's independence letter, schedule of unadjusted audit differences and a listing of adjustments and reclassifications not recorded, if any.

(iii) discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as then in effect.

3. Recommendation to Include Financial Statements in Annual Report. The Committee shall, based on the review and discussions in paragraphs (b)1(iii) and (b)2(iii) above, and based on the disclosures received from the independent auditor regarding its independence and discussions with the auditor regarding such independence pursuant to subparagraph (a)3(ii) above, determine whether to recommend to the Board that the audited financial statements be included in the Company's annual report on Form 20-F for the fiscal year subject to the audit.

(c) Quarterly Financial Statements. The Committee shall review and discuss the quarterly financial statements with Management.

(d) Other Responsibilities. The Committee shall

1. discuss with Management the listed company's earnings press releases, if any, as well as financial information and earnings guidance, if any, provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (i.e., discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each earnings release or each instance in which the Company may provide earnings guidance.

2. review all related party transactions on an ongoing basis, and all such transactions must be approved by the Committee.

3. discuss with Management and the independent auditor any correspondence from or with regulators or governmental agencies, any employee complaints or any published reports that raise material issues regarding the Company's financial statements, financial reporting process, accounting policies or internal audit function.

4. discuss with the Company's general counsel or outside counsel any legal matters brought to the Committee's attention that could reasonably be expected to have a material impact on the Company's financial statements.

5. request assurances from Management, the independent auditor and the Company's internal auditors that the Company's subsidiaries and affiliated entities, if any, are in conformity with applicable legal requirements, including disclosure of affiliated party transactions.

6. review and discuss with Management the need for an internal auditor and the appointment, replacement, reassignment or dismissal of the internal auditor. The Committee shall also review any significant internal reports to Management (or summaries thereof) prepared by the internal auditor, as well as Management's response.

7. discuss with Management the Company's policies with respect to risk assessment and risk management. The Committee shall discuss with Management the Company's significant financial risk exposures and the actions Management has taken to limit, monitor or control such exposures.

8. set clear hiring policies for employees or former employees of the Company's independent auditor.

9. establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters. The Committee shall also establish procedures for the confidential and anonymous submission by employees regarding questionable accounting or auditing matters.

10. through its Chair, report regularly to the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditor, the performance of the Company's internal audit function or any other matter the Committee determines is necessary or advisable to report to the Board.

11. at least annually, perform an evaluation of the performance of the Committee and its members, including a review of the Committee's compliance with this Charter.

12. at least annually, review and reassess this Charter and submit any recommended changes to the Board for its consideration.

V. Delegation of Duties.

In fulfilling its responsibilities, the Committee shall be entitled to delegate any or all of its responsibilities to a subcommittee of the Committee to the extent permitted by or consistent with provisions of the Articles, applicable laws, regulations and rules of the markets in which the Company's securities then trade, and the remaining provisions of this Charter.
